About Us

Reegal Industries was established in 1997 and it started with the motive of addressing the different needs of all students. Over the 27 past year the company has grown by many folds and manufactures books used at various Schools, Colleges, Offices, etc. Today the company designs, manufactures and markets its wide variety of note books, long books, A/5 books, A/4 college books, graph books, project books, ruled sheets, drawing books & many more. It has different brands under the name '**REEGAL INDUSTRIES**' which are very popular among the student communities and enjoy very high reputation in the market for its superb quality at best price. The company strictly believes in ethical practices. The company is well known in the market for its un-compromised quality and on-time delivery to its various customers. The company is currently focusing on using automatic machinery to deliver the best quality books to its esteemed customers.
